BILAL ATRGOUTI

FULLSTACK DEVELOPER

Web developer with experience in building web applications with a focus on front-end development. particularly React. I'm always trying to work with the latest technologies and stay up to date with new technologies. I enjoy the challenge of tackling complex problems and finding innovative solutions, leveraging my strong analytical and problem-solving skills.

EXPERIENCE

INTERNSHIP AT ISTA SCHOOL (JUNE 2023 - AUGUST 2023)

- Collaborated with a team of developers to build the school platform, utilizing the latest technologies and best practices.
- Developed a school management system called EduAdmin using HTML, CSS, JavaScript, PHP, and MySQL.
- Gained experience working with RESTful APIs and successfully integrated them into various websites.

FREELANCE WEB DEVELOPER AND DESIGNER

- Transformed Figma and PSD designs into visually appealing and responsive static web pages using HTML, CSS, and JavaScript.
- Utilized my design skills to create book covers and layouts, which were sold on Amazon, generating more than 500$ in profit

ADDITIONAL EXPERIENCE:
PRESENTER, WORKSHOP ON ARTIFICIAL INTELLIGENCE, ISTA SCHOOL

- Delivered a workshop on artificial intelligence, highlighting its significance and practical applications for enhancing productivity in various domains.
- Explained how artificial intelligence can be leveraged in daily tasks to streamline processes and boost efficiency.
